EXPERIENCE   19 Feb 2024 - 20 jul 2024

Chainalytical

Frontend Developer

As a Front-End Developer at Chainalytical for 6 months, I designed and optimized responsive web interfaces to enhance user engagement. I collaborated closely with designers and back-end developers to implement seamless UI elements using HTML, CSS, and JavaScript, and integrated React components for dynamic and interactive user flows. This role allowed me to deepen my understanding of front-end best practices, focusing on clean, efficient, and user-centered code.

Tech Innovations   11 Aug 2024 - 19 Sep 2024

Start up Project

Built a full-stack website for Tech Innovations, a startup focused on driving business growth and offering tech courses to students. Developed a responsive, user-friendly front-end using HTML, CSS, and JavaScript, and implemented a robust back-end with Node.js, Express, and MongoDB to manage course offerings, client interactions, and user data. Designed and structured the platform to enhance client engagement and provide an accessible learning experience for students, contributing directly to business growth and user satisfaction.
